FinTech Business Analyst

Job Description

- Assisting project and product managers and UI/UX experts in their respective roles.
- Helping to draft user stories.
- Writing, maintaining, and optimizing reports for relevant stakeholders and departments.
- Facilitating operations concerning company products and services.
- Consulting with product management leaders regarding client meetings and other client business.
- Maximizing user experience by streamlining and improving processes.
- Engaging in market studies to define consumer needs.
- Collaborating on projects, both with clients and internally.
- Ensuring that projects are delivered on time and within budget.

Required Skills

Technical Skills

- Knowledge of digital banking, investing, insurance, and risk management principles. These principles make up the foundation of any successful career in the fintech industry.
- Awareness of company infrastructures, products, and services. Fintech business analysts do better work when they understand company offerings and the marketing strategies required to make a profit.
- Familiarity with SCRUM, an established model designed to streamline team-oriented projects. Staying up to date on collaboration and teamwork best practices will help fintech business analysts develop healthy working relationships and optimize project workflows.
- Communication and interpersonal skills. Strong written and verbal communication are invaluable for fintech business analysts as they correspond with team members, leaders, and stakeholders.
- Command of the following fintech software and conceptual tools:
- Microsoft Visio: A diagram processor used to help visualize data and trends.
- Unified Modeling Language (UML): A standardized way to portray simple diagrams for complex systems.
- Business Process Model and Notation (BPMN): A representation of business processes via diagrams and flowcharts.

Attributes:

- Professionalism with excellent time management skills.
- Ability to prioritize workload.
- Attention to details and Quick learning ability.
- Ability to work independently.
- Persuasive in both communication, presentation and facilitation skills.
- Leadership skills.
- Ability to deliver on tight schedules with minimal supervision.
- Ability to manage and influence virtual teams.
- Strong Interpersonal and problem-solving skills.
